

CAPABILITIES STATEMENT

About Forward Engineering

Forward Engineering was founded by California native engineers ready to partner with anyone in need of a hardware and equipment based solution. Backed by professional engineering credentials, our business brings decades of hands-on experience in mechanical design, prototyping, product development, and manufacturing. We've worked with industry leaders to bring complex ideas to life—always with a commitment to craftsmanship, precision, and doing things right.

We combine technical excellence with a customer-first mindset, delivering tailored solutions that move your product from concept to reality.

Core Competencies

- Product Research and Development Engineering
- Intellectual Property Development
- Manufacturing and R&D Test Fixture Development
- Design and Manufacturability Review
- Custom Prototyping and Manufacturing
- Machine Design
- Repair Engineering
- Computer Aided Design (CAD)

Codes and Certification

- **Federal Unique Entity ID:** E87BS1TSEXM5
- **CAGE Code:** 160B5
- **California SB Certification ID:** 2048147
- **NAICS Codes:**
 - 541330-Engineering Services
 - 541340-Drafting Services
 - 541715-Research and Development in the Physical, Engineering, and Life Sciences (except Nanotechnology and Biotechnology)
 - 541420-Industrial Design Services
 - 541690- Other Scientific and Technical Consulting Services
 - 332710-Machine Shops
 - 333514-Special Die and Tool, Die Set, Jig, and Fixture Manufacturing
 - 332999-All Other Miscellaneous Fabricated Metal
